

# "4" Sure. Get the 4th DTaP on time.

## Reaching the Goal

**Florida needs your help to increase childhood immunization rates and fight disease.**

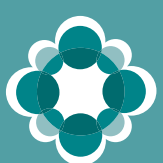

Florida's children are at risk because they have not received their 4th DTaP (Diphtheria, Tetanus & Pertussis (whooping cough) vaccine) on time.

- Get the 4th DTaP on time at 12 months
- Schedule 4th DTaP appointments when children receive their 3rd DTaP
- Remember vaccines can be given even when a child has a mild illness
- Stop pertussis - get the 4th DTaP by 12 months of age

**Need health insurance for your child?  
Apply online at [www.floridakidcare.org](http://www.floridakidcare.org)  
or call 1-888-540-5437 for an application.**
