

"4" Sure. Get the 4th DTaP on time.

Reaching the Goal

Florida needs your help to increase childhood immunization rates and fight disease.

Florida's children are at risk because they have not received their 4th DTaP (Diphtheria, Tetanus & Pertussis vaccine) on time.

- Get the 4th DTaP on time at 15 months
- Schedule 4th DTaP appointments when children receive their 3rd DTaP
- Remember vaccines can be given even when a child has a mild illness
- Stop pertussis - get the 4th DTaP by 15 months of age

FOR INFORMATION CALL 850-245-4342, EMAIL IMMUNIZATION@DOH.STATE.FL.US, OR VISIT ON THE WEB AT WWW.IMMUNIZEFLORIDA.ORG

Need health insurance for your child?
