Eligibility Changes						
Date	Is enrolled in Medicaid	Does not have health insurance	Is an American Indian or Alaskan Native	Is underinsured (has health insurance that does not pay for vaccinations)*	Is an unaccompanied minor without insurance information	Does not meet eligibility criteria

A record of all children 18 years of age or younger who receive immunizations must be kept in the healthcare provider's office. The record may be completed by the parent, guardian, individual of record or by the healthcare provider. VFC eligibility screening must take place with each immunization visit to ensure the child's eligibility status has not changed. This same record will satisfy the requirements for all subsequent vaccinations, as long as the child's eligibility status has not changed. While verification of responses is not required, it is necessary to retain this or a similar record for each child receiving vaccine.

***To be supported with VFC purchased vaccine, underinsured children must be vaccinated through a FQHC or RHC.**
